PALLET RACK DAMAGE-12 REASONS TO USE PROTECT-IT™

If any your pallet racking looks like one of the 12 photographs below, then you can be sure of four things.

1. Your Forklift driver made a mistake.
2. You were not using **Protect-it™** Pallet Rack Guards to protect your racking from accidental forklift impacts.
3. There is a significant risk of rack collapse, personal injury and un-necessary repair costs.
4. It is your legal obligation to undertake expensive repairs to restore the column.

We challenge you to find a smarter column guard anywhere in the world!
